

Tyra Bates

My name is Tyra Bates, and I am thrilled to be running for town council!

I am a wife, mother of 4 amazing children and grandma to 2 beautiful grandchildren.

As a retired nurse, I am passionate about talking with others and advocating for the public in any demographic. I can effectively listen to others needs and think critically when required.

Our family moved to Gravelbourg last December from BC. Since then, we have been astounded by the genuine kindness of everyone we've met. This is one of the main reasons we decided to make this great town our home!

I believe in honest, transparent and ethical municipal governance. I will work to support cost effective infrastructure projects and encourage new business and economic development.

For the last 12 + years my career has been in healthcare sales and marketing. I believe my skills will help contribute to attracting new businesses to our town.

Creating a collaborative community focused on positive, sustainable change provides new opportunities for growth and development.

I am excited to speak with you and hear your ideas. A vote for me is a fresh, unbiased and honest voice for our citizens.

Yours in service,

Tyra Bates
