APRIL 2026

LOCAL SHUTTLE SPONSORS HONOURED

The Gravelbourg Cares Shuttle sponsorship banner is currently on tour, recognizing the many businesses, groups and individuals that have helped to fund this essential community initiative. Board members Lynn Holmes (pictured) and Linda Roberts recently met with Mayor Matt Forest to deliver the banner to the Town of Gravelbourg office, where it will be proudly hosted for a few weeks before making its next stop. Thank you to all the amazing Shuttle volunteers who work so hard to make this service possible!

MAYOR'S MESSAGE

Dear Residents,

As spring arrives, so does the start of our construction season. This year, work along 1st Avenue will bring noticeable traffic disruptions that will affect everyone in the community. **While we anticipate these impacts on travel, we want to reassure residents that interruptions to water and sewer services will be kept to a minimum.**

Projects of this scale are an important investment in our infrastructure and our future, but we recognize they also require patience and understanding as the work progresses. We sincerely appreciate your cooperation as we navigate this together.

If you have any questions or concerns, please do not hesitate to contact the Town Administration Office for more information. We also encourage everyone to regularly check the Town's website for updates and accurate, up-to-date information on the project.

Thank you for your continued support.

-Mayor Matt Forest

COUNCIL QUIPS

Did you know that in addition to the public being able to attend in person, every regular meeting of your Town Council is also recorded and available to view on our official website? To ensure you have the full context of our debates and the facts regarding bylaws, grants, and municipal business, I encourage all residents to tune in. **Transparency is key to good governance—watch the latest session in the Council Meetings section of Gravelbourg.ca!**

I recently used the **Gravelbourg Cares Shuttle** for an appointment in Regina, and I was so grateful to have it. Having met with the various community partners and board members of this organization over the past year, it was quite enlightening to experience the service firsthand. Living in a small town, services like this aren't just convenient, they are a real lifeline for those with medical and other health related needs. **It really reminded me how fortunate we are to live in a community that steps up for one another.**
